

UNCLASSIFIED

CATALOG FOR ACADEMIC YEAR 2024-25 ADDENDUM

UNCLASSIFIED

ADDENDUM TO THE NATIONAL INTELLIGENCE UNIVERSITY CATALOG FOR ACADEMIC YEAR 2024-2025

Material in this addendum supersedes information in the catalog. You should read this when you first receive it and then keep it on hand for easy reference in the future.

Graduate Admissions Requirements

- **Page 11.** The following statement was added for the **Joint Professional Military Education Studies Program**: NIU graduates who earned either the MSSSI or MSTI degree during AY 2012 or later are eligible to return to NIU to earn JPME-1 credit. To do so, students require permission from their service, written permission from their supervisor, and the approval of the NIU JPME program director prior to enrollment. Interested alumni should contact the JPME program director for more information.

Graduate Transfer Credits

- **Page 16.** This statement was updated as follows: When making a transfer credit request, students can use hours that have been used to meet requirements for any other degree. Students may not obtain transfer credit in lieu of taking NIU-required core or program courses.

Grading

- **Page 24.** MCR 705 (APR) and MCR 706C (Portfolio) were added to the sections labeled: Pass/Fail (P/F), In Progress (IP), and No Progress (NP).

Degree Completion Options

- **Page 34.** The following clarification was added: NIU graduates who earned either the MSSSI or MSTI degree during AY 2016-2017 or later are eligible to complete their degree with a nonthesis option.

MSTI Degree Requirements

- **Page 77.** The below indent was updated for clarification:
- Option 3: Portfolio
 - 8 electives (24 credits)
 - 4 must be MST electives.

- 4 free electives. JPME students can use JPME electives.
- 3 Portfolio electives (1 credit each). This is 1 credit spread over three terms with deviations approved by the Associate Dean.

Cyber Intelligence (MSTI)

- **Pages 79 and 91.** Course code MST 669, The Explosive Threat, was changed to read: MST 669A.

Applied Research Project Course (MSTI)

- **Page 105.** MST 705 Applied Research Project was changed to read: MCR 705 Applied Research Project.

School of Science and Technology Intelligence Graduate Electives

- **Page 128.** Course code MST 661P, The Explosive Threat, was changed to read: MST 669A.
- **Page 134.** Course code MST 699A, Directed Readings, was changed read: MST 699.
